#### About COGELEC

COGELEC is the French leader in access control systems for building complexes. As early as 2007, COGELEC created the first universal wireless intercom solution under the Intratone® brand. This unique offering boasts a disruptive economic model which simultaneously includes equipment, an intercom solution and an online management tool.

COGELEC has already outfitted 850,000 dwellings, including 150,000 new dwellings in 2017, out of a potential total of 15.4 million dwellings in France.

Present on the export market for five years, COGELEC also offers its solutions in Germany, the United Kingdom, the Netherlands and Belgium through existing subsidiaries or those currently being launched.

Based on an indirect distribution model associated with a strong local relationship with end customers (social housing landlords and co-owners' associations), COGELEC posted solid performances with revenue up nearly 17% to €30.6m in 2017, for current operating income of €5m and net income of €2.9m. COGELEC aims to triple its revenue to €90 million by 2021. For more information: [www.cogelec.fr](http://www.cogelec.fr)
